Suplemento de minerales

1-0-1

Vibrant, deep green foliage is a sign of a vigorous plant. Pale green or yellow foliage can be caused by nutrient deficiencies which can be corrected by using Ironite®. Some of the ingredients in Ironite® are available to plants quickly to produce a rapid green-up. Other ingredients are available to plants over time for a long-lasting green.

Ironite® can be used in all soil types. Turn yellow to green with Ironite®.

1 cup = 2/3 pound.

Directions for Use – Apply only as directed.

Note: Do not plant seed, trees, shrubs or flowers in direct contact with Ironite®. Wait at least 3 weeks after applying Ironite® before planting seed, trees, shrubs or flowers.

Lawns and Turf: Apply Ironite® to established plants at the rate of 1 lb. per 100 square feet (5 ft. x 20 ft.). Evenly apply by hand or with a broadcast spreader. Water thoroughly after application.

Flowers, Shrubs & Bushes: Apply Ironite® to established plants at the rate of 1 lb. per 100 square feet (10 ft. x 10 ft.). Evenly apply by hand or with a broadcast spreader. Water thoroughly after application.

Trees: Water thoroughly after application. Remove mulch from the base of the trunk. If possible, mix 6g/day mix be hol. Take care not to damage the trunk. Water deeply after application.

Trees, Vegetables & Fruit: Apply Ironite® to established plants at the rate of 1 lb. per 100 square feet (10 ft. x 10 ft.). Evenly apply by hand or with a broadcast spreader. Water thoroughly after application.

Vegetables & Herbs: Apply Ironite® to established plants at the rate of 1 lb. per 100 square feet (10 ft. x 10 ft.). Evenly apply by hand or with a broadcast spreader. Water thoroughly after application.

Note: Water in fertilizer to avoid burning roots. When used as directed, Ironite® provides 0.1 pound of nitrogen per 1,000 sq. ft. per growing season. When used as directed, Ironite® provides 0.1 pound of nitrogen per 1,000 sq. ft. per growing season. Water thoroughly after application. Repeat application every 6 weeks as needed.

Bag Covers 20 lbs. For 2,000 sq. ft.
